SUBJECT: Letter of Support for Hydrogen Hub Development Act

To Whom It May Concern:

Tribes have vast clean energy potential through hydrogen and can be at the forefront of a clean energy economy and hydrogen workforce. Hydrogen is a valuable way to store electric energy generated and offers the potential to supply new tax revenues and benefits to both the Tribes and the neighboring communities.

Big Navajo Energy (BNE) is pleased to offer this letter of support for the proposal entitled "Hydrogen Hub Development Act."

Big Navajo Energy, LLC. (BNE) provides strategic consulting in renewable energy technology services and managed services to commercial, not-for-profit, and government organizations. BNE consulting services can mobilize the right people, skills, and technologies to help organizations improve their way of life in the renewable industry for electric power generation. As a Native American Owned Small Business with the Small Business Administration (SBA), BNE is committed to excellence while creating innovative and flexible renewable electric solutions for our State, Federal, and Native American community clients. Learn more at <http://bignavajoenergy.com/>

As such, BNE supports the proposed project's overall goals to provide low-carbon, zero-emission backup solutions to support Hydrogen to bring cleaner environment for the State of New Mexico.

Sincerely,

Dory Peters

President
